

The SCP Nexus Travel Team

Launch your career with confidence, one experience at a time

Designed for residents who want more than a first job, the Nexus Travel Team offers meaningful mentorship, diverse clinical experiences, and a supportive path from training to practice.

The experience

- Diverse clinical environments that accelerate your professional growth
- Real-world experience in your final year of residency with built-in mentorship and support through double physician coverage
- A career path that evolves with your goals
- Structured guidance from experienced physician leaders so you're never navigating new environments alone
- Board eligible for ABEM certification

The transition to practice

- A dedicated Clinician Experience Specialist who manages your journey from residency to your first shift
- One point of contact for onboarding, credentialing, and the administrative details, so nothing falls on you
- Proactive coordination of privileges, scheduling, and clinical leadership introductions, so you arrive connected, prepared and part of the team

The benefit

- A clear three-year path forward
- Up to \$48,000 in stipend support before you graduate, with \$2,000 a month for up to 24 months
- A \$200,000 signing bonus, paid out over your three-year commitment

Growing as a physician with SCP Health

- Formal leadership pathways with access to comprehensive support, including an accelerated leadership program, Clinical Leadership Onboarding, Medical Leadership Intensive, and Regional Medical Leadership calls
- Full access to SCP University, with 300+ CME courses free to active physicians
- Wellness webinars and resources for your physical, mental, and emotional health
- Full malpractice coverage, including tail coverage
- The SCP Relief Fund, for emergency assistance during hardship

Wherever your first assignment takes you, SCP Health is building the career you're working toward.
